

REMARKS

I. Status of the Application

Claims 2-11, 13-22, 24 and 32 are pending in this application. In the June 21, 2004 office action, the Examiner:

1. Made the restriction requirement of the February 3, 2005 office action final and required Applicant to cancel nonelected claims or take other appropriate action;
2. Allowed claims 6-11, 13-22, 24 and 32.

The allowance of claims 6-11, 13-22, 24 and 32 is gratefully acknowledged. In this amendment, Applicant has cancelled claims 25-31 as being drawn to nonelected inventions in order to comply with the final restriction requirement.

In response to the Restriction Requirement in the February 3, 2005 office action, Applicants elected Invention I, *with traverse*. The Examiner stated that Invention I included claims 6-11, 13-22 and 32. However, the Examiner has not specified which invention claims 2-5 fell under. Because claims 2-5 depend directly or indirectly from claim 6, it is presumed that claims 2-5 also constitute Invention I. Accordingly, it is presumed that claims 2-5 are being allowed as well.

II. Conclusion

Once this amendment has been entered, it is believed that this application will be in condition for allowance. Action toward a Notice of Allowance is hereby requested.

Respectfully Submitted,
